How did you learn about the VTC Mentor

Program? _____

**Thank you for your interest in joining
the VTC Mentor Program!**

The Role of a Veteran Volunteer Mentor

Mentors act as coaches, guides, role models, advocates, and support for the individual(s) they are working with through the VTC process. This includes listening to the concerns of the participant and making general suggestions, and supporting the participant at times when they may feel alone in a way that only a fellow veteran can understand.

As a Mentor:

- VTC would like to see a commitment of 12 months
- Schedule regular meetings with your mentee to discuss academic, social, and personal goals
- Set aside at least three hours every Tuesday to attend court with your participant
- Provide support for your participant throughout the ups and downs they may experience

The Montgomery County Veterans Treatment Court

VTC is a hybrid Drug and Mental Health Court, created to provide judicially monitored treatment to veterans in the criminal justice system, struggling with substance abuse, mental health and/or co-occurring disorders.

The Court provides:

- Arrangements for substance abuse and mental health treatment
- Counseling referrals for individuals, family, and couples
- Review or initiation of veterans benefits paperwork
- Referral assistance for living needs
- Assistance in applying for training or further education
- Employment services

VTC Participants

VTC eligible participants are veterans or active duty military who have been charged primarily with a non-violent misdemeanor and/or felony offense. Violent offenses are considered on a case by case basis after consultation with all parties involved.

Our Mission:

The Montgomery County Veterans Treatment Court will serve those who willingly sacrificed for our country and find themselves involved in the Criminal Justice System by providing needed treatment and services under judicial supervision in order to restore the veteran to their honored status within our community.
