How did you learn about the VTC Mentor

Program? _____

Thank you for your interest in joining
the VTC Mentor Program!

The Role of a Veteran Volunteer Mentor

Mentors act as coaches, guides, role models, advocates, and support for the individual(s) they are working with through the VTC court process. This includes listening to the concerns of the participant and making general suggestions, and supporting the mentee at times when they may feel alone in a way that only a fellow Veteran can understand.

As a Mentor you will:

- Commit to 12 months of support for a mentee
- Schedule regular meetings with your mentee to discuss academic, social, and personal issues
- Set aside at least three hours every Tuesday to attend court with your mentee
- Provide support for your mentee throughout the ups and downs they may experience in the program

The Montgomery County Veterans Treatment Court

VTC is a hybrid Drug and Mental Health Court, created to provide judicially monitored treatment to veterans in the criminal justice system struggling with substance addiction, serious mental health disease and/or co-occurring disorders

The Court provides:

- Treatment arrangements of substance use and mental health
- Counseling for individuals, family, and couples
- Review or initiation of veterans benefits paperwork
- Referral assistance for living needs
- Assistance in applying for training or further education
- Employment services

VTC Participants

VTC eligible participants are veterans or active duty military who have been charged primarily with a non-violent misdemeanor and/or felony offense. Violent offenses are considered on a case by case basis and after consultation with all parties involved. Violent offenses might be considered if it did not result in a serious injury.

**Montgomery County
Veterans Treatment Court**

Our Mission:

The Montgomery County Veterans Treatment Court will serve those who willingly sacrificed for our country and find themselves involved in the Criminal Justice System by providing needed treatment and services under judicial supervision in order to restore the veteran to their honored status within our community.

The Mentor Mantra:

“We will support the veteran through their readjustment to civilian life, assist the veteran to navigate through the court system, treatment, and VA systems, and act as a mentor, advocate and ally.”
